

## Composition Xmas Submission (F Group)

All work should be submitted in the appropriate place on Moodle by the end of Wednesday 17<sup>th</sup> December.

The *Tracker* and *Structure Planner* should additionally be printed out to hand in at the beginning of the lesson on Wednesday.

### Composition

- Four sketches submitted on Moodle in one Sibelius file
- Label each sketch clearly using Review/Notes, making sure that the label corresponds to the section name in your planner (e.g. Waterfall)
- Use notes to explain how influences are used (e.g. this texture is from Dvorak's Water Goblin bar 12)

### Influences Used Tracker

- Document twelve influences that you have used
- Clearly identify where in the piece you have take the influence from
- Precisely describe what you have used (i.e. a specific texture)
- Name the sketch in which it has been used and the bars it applies to (e.g. first two bars of Waterfall sketch)

### Structure Planner

- Use the same section names as you do on your score so it is clear how the sketches relate to your overall structure
- Your structure planner should show an overview of the whole piece, including sections that you have not yet written anything for
